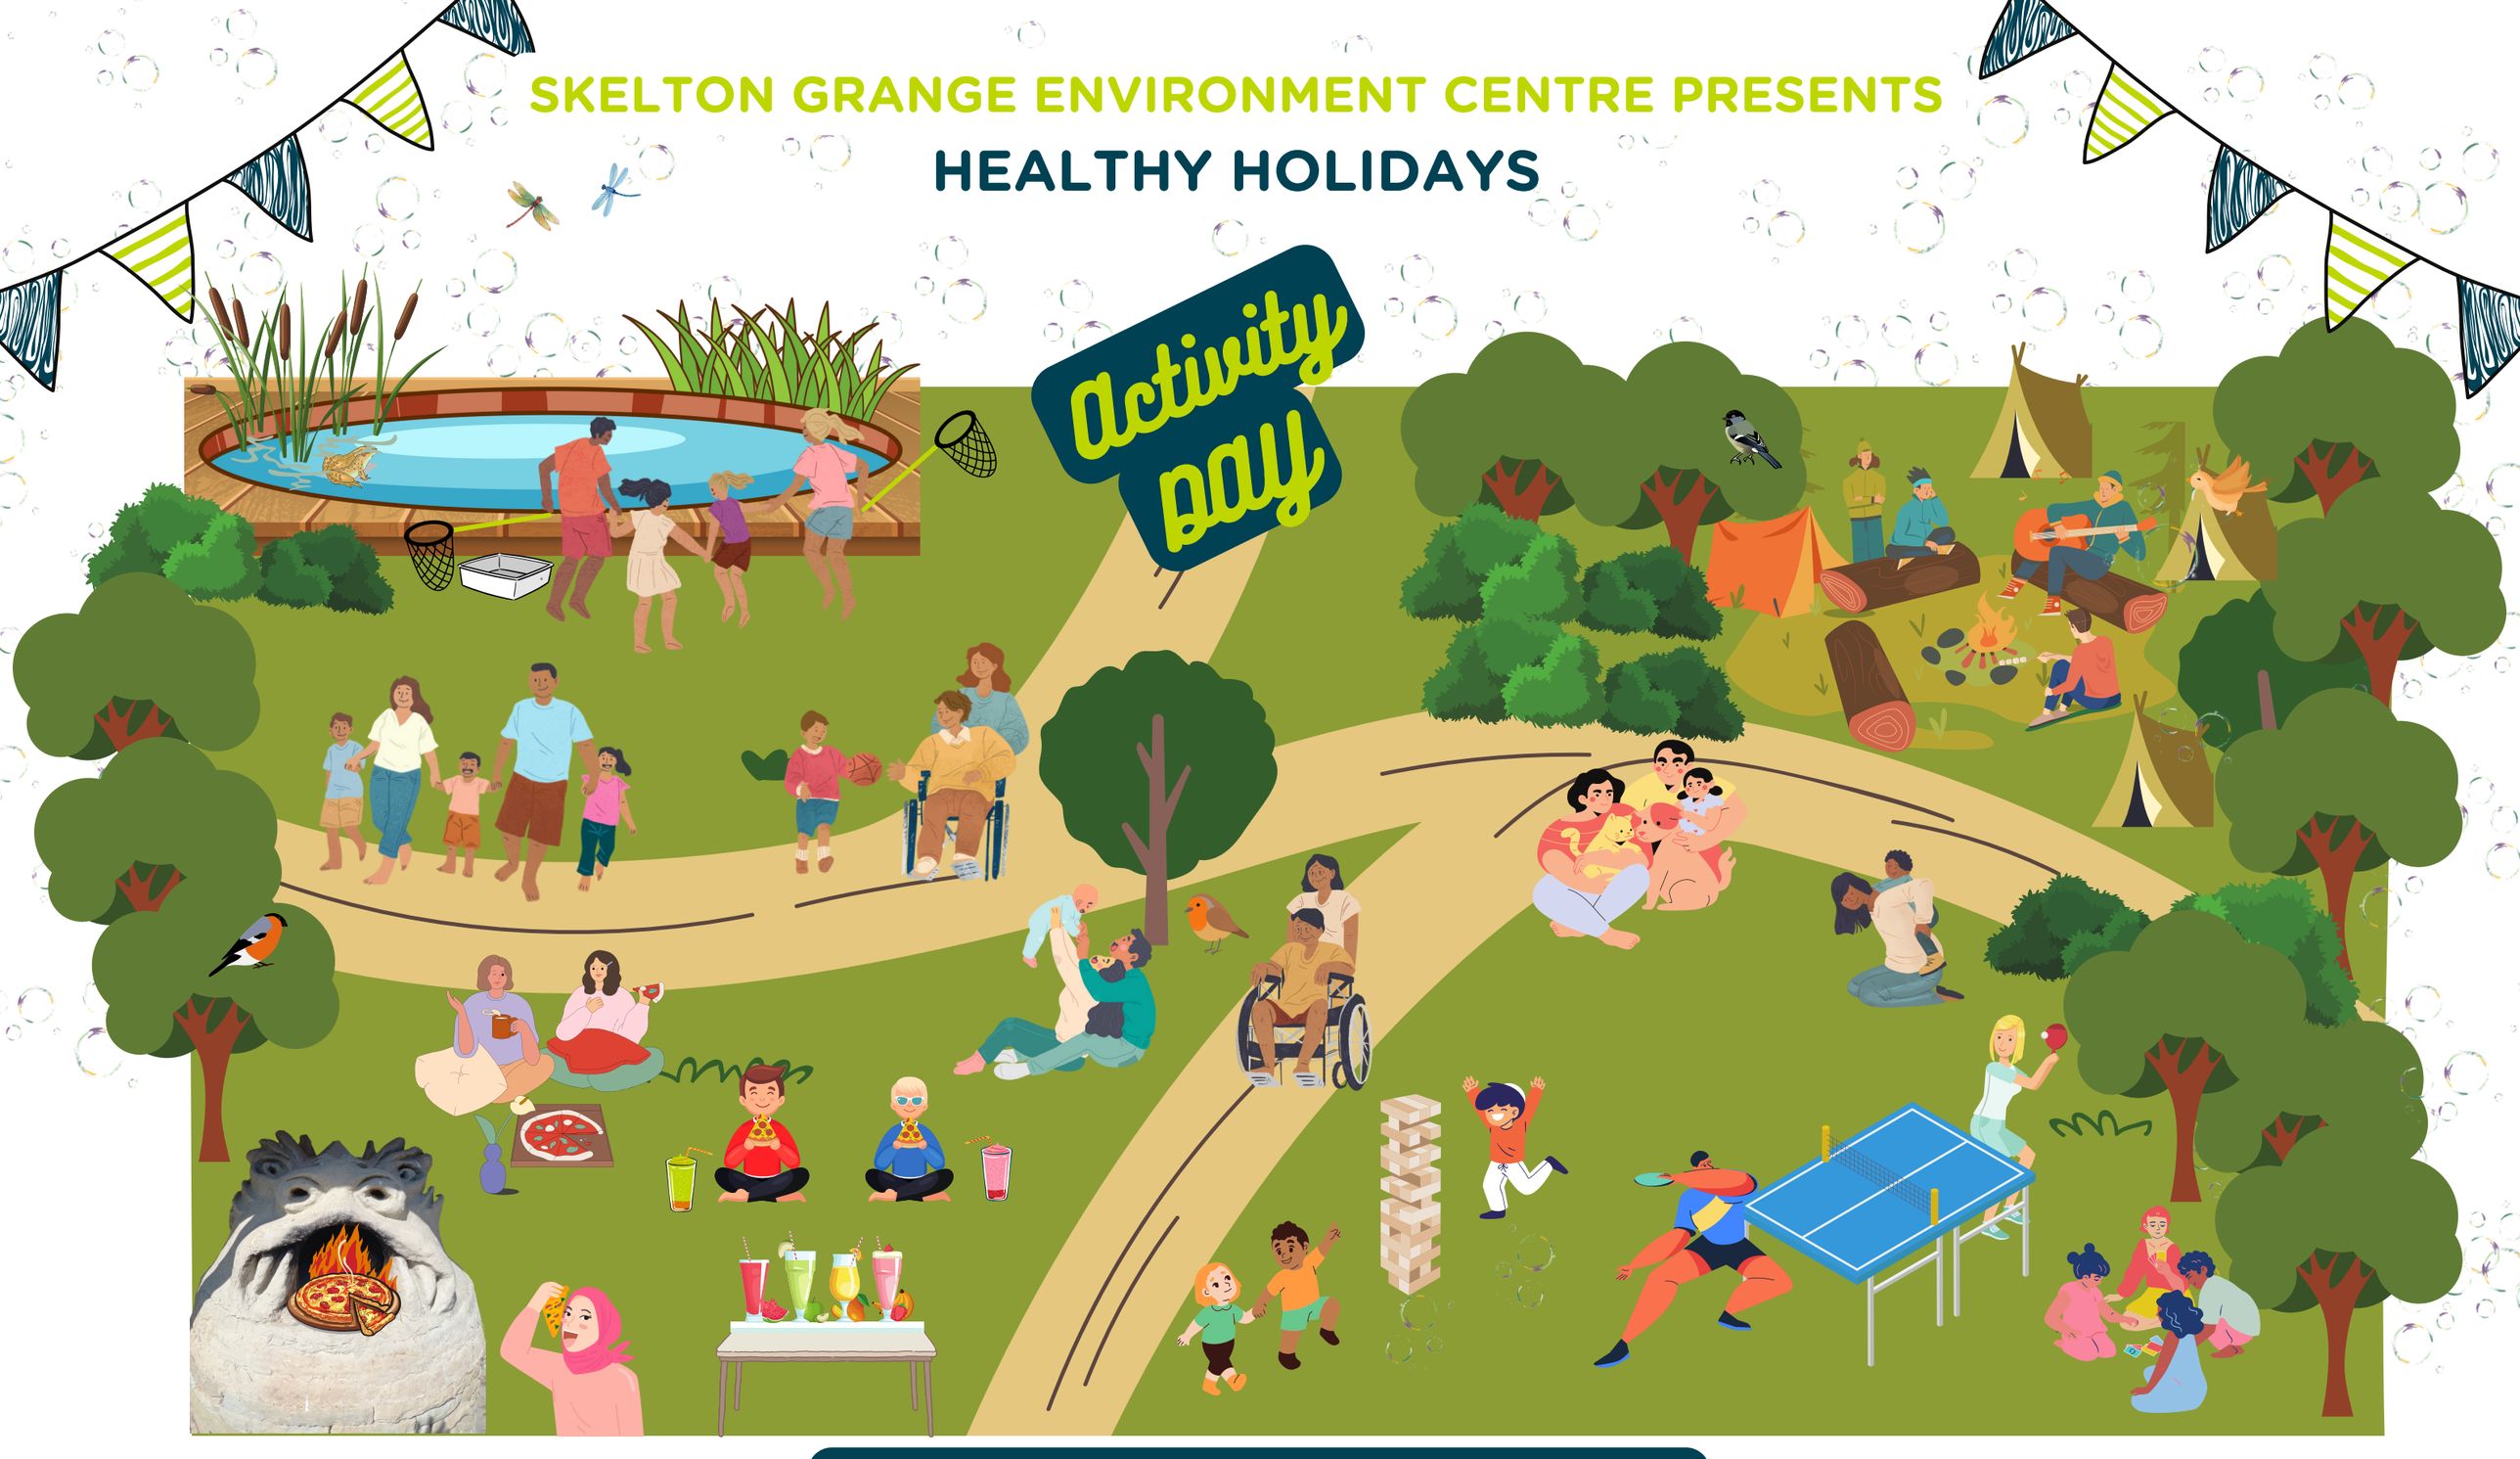
SKELTON GRANGE ENVIRONMENT CENTRE PRESENTS

HEALTHY HOLIDAYS



24TH AND 25TH AUG 2022

Come and join us for a day of fun on our beautiful nature reserve in South Leeds.

We will be firing up our pizza oven and getting out the pedal powered smoothie maker to make some delicious healthy food

There will be loads to do over the day: pond dipping, shelter making, giant bubbles, playing games, nature crafts and more.

These days are for just for children who have free school meals and their families. All children must be accompanied by an adult during the whole day.

We look forward to seeing you soon!
